National Taxpayers Union Vote Alert

NTU urges all Members to vote “YES” on the upcoming U.S.-Oman Free Trade Agreement (FTA). NTU strongly supports agreements that would reduce trade barriers and open the world’s markets. In 2005, the U.S. and Oman traded over \$1 billion worth of goods. The FTA would eventually eliminate all tariffs on American goods entering Oman and would set the stage for increased American exports. A “YES” vote, in support of reducing trade barriers, will be significantly weighted in our annual Rating of Congress.
